Economic Zone Development

Our investment in economic zones has contributed to the country's economy for many years. These zones help fuel growth and create jobs, but most importantly, they contribute to our nation's shift from the local to the global market. These investments have allowed us to expand our international trade, which has led to increased employment opportunities and local and foreign investments.

City Economic Zone

- Land Area : 77.96 acres
- Location : Rupshi, Narayanganj
- Final License : January 23, 2018
